What has been particularly effective about Michael Neubauer's approach to teaching in this course?

- He is super patient and amazing at teaching!
- Very responsive, open to questions, available outside of class, and explained various concepts present on homework and from class.
- Michael is the best!! So helpful at explaining, always prepared and responsive, and extremely nice. I also enjoyed asking him questions about graduate school and getting advice from him. I could not have gotten through the course without his help.
- Extremely approachable, available, and helpful.
- As a graduating senior, I learned the most STATA I ever have in any of my economics classes from Michael's TA sections. He has a clear grasp on the program and communicated what different functions do concisely and accurately. I learned so many helpful new tricks and functions to replace the hacky mess of STATA knowledge I picked up throughout the rest of course of study in economics.
- I really enjoyed his responsiveness and understanding.

What specific advice would you have for Michael Neubauer about changes that would enhance your learning?

- Nothing, he's the best!
- N/A, great job.
- I can't think of any.
- Not much.
